- 1 The play "Hansel and Gretel" was put on at New Hampshire for the little kids by the high school drama class. It was a rewarding experience for all.
- 2 In the play the "Sandbox" the Angel of Death kisses granny and takes her to the big farmhouse in the sky. Scott Carter plays the Angel of Death and Beth Agnew plays the granny.
- 3 Another scene from "Sandbox" here layme Rone and Jed Sawmiller talk to the musician Troy Scott. I wonder if he played off key???
- 4 This year Colin Maxwell represented Waynesfield in the annual spelling bee. It was held in Wapak Ohio. Colin made runner-up. This was a great achievement for him, so congratulations Colin for a fine job!!!

THE UNIVERSITY OF MICHIGAN

The Right to Read Month:

The Month of February was the month to read. The advisors for the elementary were Mrs. Lockwood and Mrs. Shaw. The action week was the 11th and during this week many activities were sponsored. The teachers dressed up as their favorite story characters and the kids did, too. Then on one of the days the parents and grand parents came in and read; there was also the movie "National Velvet". There was a contest between the homerooms. The class which read the most books were Mr. Elsass and Mrs. Whetstone's rooms. They also had a bookfair in which new books were sold at the open house. Awards were given to the best bookmarker of the month. These winners were Chad Coates, 6th grade; Amy Helminger, 5th grade; Margie Gilroy, 4th grade.

Fantasy 1979

There I was at Fantasy 79 on May 20th 1999 for our reunion of the Waynesfield-Goshen High School Class of 1979. I was met by the owner Chris Zimmerman and his assistant Virgil Kennedy. They thought the class needed a location and a reunion so they provided their resort as the meeting place.

The capsule that brought me here was piloted by Gary Young. It was designed by scientists Robin Pyle and John Johnson. Greg Blum and Mark Ball drew the plans for the quinsonic sound system. Tom Johnson and Bruce Knott developed the fuel for the capsule. David Kuback Corporation built the ship for the small sum of \$79 million.

Transportation from the landing to the Harrod Hotel, owned and operated by Russ Harrod, was provided by Playboy Limousine, which Jim Wall currently owns. Currently performing are the Rockin' Ridenours in which Pat Ridenour is lead guitarist and lava coats. Pat's female vocalist Tracee Beers often appears with her group the Melodious Hearts.

The food for the reunion was catered by Ken James. Food and catering service. He gets a lot of the food from Dan Knowlton Farms. The hostess of the meal was Deborah Dulebohn. On the walls were many beautiful paintings some were done by Rick Dotson and others by Cindy Vermillion.

Sitting at my table was Ella Hawk. She took time off from her job President of the Universe (Cosmetic and Clothing Universe) to fly down to the reunion. She employs Joe Kenke as her financial consultant. Cindy Cox does advertising for her and had been offered a multi-billion dollar contract to do a movie. 1979 GRADUATION

Waynesfield-Goshen High School Graduation Exercises were held May 20, 1979 at 2:00 PM in the High School gymnasium. The graduating seniors entered the gym to "Pom and Circumstance" played by the high school band.

Rev. Russell E. Smith of the New Hampshire Nazarene Church offered the invocation. There was music presented by the High School Chorus and the sermon was delivered by Rev. Gregory A. Leigh of the New Hampshire Methodist Church. Honor Awards were given out. Mr. Tom Johnson was Valedictorian. Mr. Robin Pyles was the Salutatorian. Mr. Jim Roof received an award for a perfect attendance record since the fourth grade. The Commencement address was delivered by Father Richard J. Connelly, Chaplin, Cincinnati, Bengals Football Team. Diplomas were presented by Mrs. Winona Winegradner, President of the Board of Education.

Rev. Russell E. Smith gave the Benediction and the graduates exited to music by the high school band. Though tears flowed freely, it was a joyous occasion for all concerned.

What does the future have in store for us? What do we have to offer the world? As the future fades into the present, we will receive the answers to these and so many other questions. Our involvement at Waynesfield Goshen is an important step in enabling us to find our talents and use them to the best of our ability. Many of our attitudes, ideals, and future plans reflect on our participation in School Life.

One of the first ways school life has touched us is through our educational experiences. From the time we first entered a classroom, we became aware that a good education is a necessity.

Waynesfield Goshen offers a wide variety of courses. Some of us will sign up for science and math courses year after year, while others tend to choose English and history. No matter what courses we decide to take, we can be sure that they will be interesting and challenging.

We've worked on so many class projects. Do you remember last minute group book reports?

Learning never stops when we leave the classroom. Upon graduating, we will have received so much more than a diploma. We will have gained more knowledge than a book could ever hold. We will have learned to state our ideas and opinions and will have learned to respect those of others. We've shared the load and we've even carried it by ourselves at times, but we will know, as we bid a last farewell to W-G, that it was well worth it.

A big part of School Life lies in our athletic interest and ability. Those who decide to join the volleyball or basketball teams, for instance, receive first hand knowledge of what teamwork and sportsmanship are all about.

Being involved in an athletic activity gives us a sense of pride and enthusiasm that will stay with us for the rest of our lives. Participating in a sport not only fills our extra time but gives us a chance to share our accomplishments with people from other schools. Our records will always be broken. New and better running times will be set, but we will have left W-G knowing that the spirit we once carried to the finish line is still being passed on.

Another way we are able to participate in School life is through our involvement in extra-curricular activities. Band and chorus are always good choices. Some of us like to get involved in annual or newspaper staff. Through these activities we can share our talent with our community.

When we join a club or organization in our school, we not only become better friends with the people around us, but we become better friends with ourselves. Getting involved in an activity or two gives us much insight to the dawning of the world around us.

After we graduate and go our separate ways, we'll always look upon our years at Wavnesfield Goshen as some of the most important years of our lives. The times we'll remember, like a joke we've shared or a note we've passed — and the times we'd like to forget, like a fight with a friend or a lost football game. These are all a part of our school life. Our personal growth and achievement here will reflect on our success in the future.

"Two tickets to Paradise," May 20th, 1979, a one week vacation for broken water pipes, Oklahoma, homecoming, snowstorms & WIMA — no school, F.J. Boerog to the Village People, disco fever at the Limetree.

Reflections of our year.

The '79 Tigers will remember all of these but perhaps most importantly, we will recall the many friendships, the close ties, the good times of this — our year. 1979 was the end of a decade — the Age of Transition. It was also the ending of our carefree childhood, but the new decade will bring the next phase of our lives into focus. As we look forward to our lives, filled with uncertainties, we remain hopeful. Our expectations for the future are great, and we recognize even now that somewhere, off in the distant future, we'll look back at this book and reflect on 1979.

REFLECTIONS...
